Good Morning Ex. 4 - CBI

I am not certain how long it will take to upload the GPS locations into Scribe - but we need this ASAP. Therefore - I would appreciate it if you would get started on this when you get in.

Also - I have not seen any new data posted to the ftp since last Wed. Have you? I am following up with Cindy to see where things stand.

As a reminder - I have a dentist apt this morning - but will be checking my BB for e-mails. You should continue to work in small logistics room were we were most of last week.

Thanks - Kelley

Hi Rupert,

As you requested, please find the attached spreadsheet which displays the GPS coordinates from the samples collected at the Dimock Site.

Ex. 4 - CBI, please upload these to the Dimock_EPA Scribe database. They would be imported into the sample location data layer.

Please let me know if you have any questions.

Thanks,
